

Ghada Abdel-Rafee'

doctorghada2022@yahoo.com | 00966533490800

Experienced diagnostic radiologist with 16 years of expertise in utilizing diverse imaging modalities. Strong abilities in listening, observation, and decision-making. Driven clinical researcher and adept team builder.

Professional Experience

Alnahhdi Care Clinic, Yanbu, Saudi Arabia. **05/24 - present**
Regisrar of Radiology.

Diagnostic imaging using various imaging modalities.

Almouwasah Hospital, Almadinah Almonawarah, Saudi Arabia. **04/21 - 04/24**
Regisrar of Radiology

Diagnostic imaging using various imaging modalities.

Mansoura Health Insurance Hospital, Mansoura, Egypt **10/19 - 03/21**
Specialist of Radiology

- Screening program for hepatitis C virus. Screening program for breast cancer.

Aga Central Hospital, Aga, Egypt. **02/17 - 07/20**
Assistant Specialist of Radiology.

- Screening program for pulmonary TB.

Egyptian Liver Hospital, Sherbin, Egypt. **05/15 - 01/17**
Specialist of Radiology

- Diagnostic imaging for gastrointestinal malignancies.
- TACE, Radio frequency ablation and Microwave ablation of HCC.

Talkha Cenral Hospital, Talkha, Egypt. **06/16 - 01/17**
Resident of Radiology

- Conducting+60 examinations daily within 300 minutes timeframe in a emergency department.

Kafr ElSheikh General Hospital, Kafr ElSheikh, Egypt **05/10 - 06/11**
Resident of Radiology

Faraskor Central Hospital, Damietta, Egypt. **03/09 - 04/10**
General Practitioner

- Primary health care.

Education

Smart Intel University, United Kingdom **09/18 - 10/22**
Professional PhD in Radiology - A+

- Breast cancer imaging using multi parametric imaging modalities.

Zagazig University, Zagazig, Egypt.
Master degree in Radiology - B+

09/10 - 05/16

- Imaging of congenial fetal anomalies in a diabetic mother.

Ain Shams University, Cairo, Egypt.
High degree diploma in Hospital Management. - B+

02/16 - 01/17

- Improving the efficiency and effectiveness of the healthcare delivery process.
- Managing the expanding role of technology in healthcare services.

Mansoura university, Egypt
MBBCH in internal medicine And general surgery. - B+

09/00 - 11/08

Projects

Breast Cancer Screening

10/20 - 03/21

- Using ultrasound and mammogram in diagnosis of breast cancer.

Hepatitis C Virus screening

10/20 - 10/19

- Using sonographic abdominal imaging.

Pulmonary TB screening

02/17 - 02/18

- Using plain x-ray in diagnosis of pulmonary TB in workers.

Breast Cancer Screening And Cervical Cancer Screening in Indian Women

01/20 - 12/21

- Internet based questionnaire that consists of four parts: sociodemographics, knowledge, uptake of HPV vaccine and practice of BSE.
