Worthy Person OF A Chance 

OBJECTIVE

Electrical Engineer aspires to learn what is new in his field Looking for a job ,
Comfort does not bring comfort.

EDUCATION

Bachelor's degree of Electrical Engineering | Mansoura University

FROM SEP 2016 TO JUL 2021

Fresh Graduate with A Respectable Amount of Experience (Very Good
Grade)

Graduation Project: Smart University Based on Renewable Energy (Excellent
Grade) I have learned many fields Such as Electrical Design, Shop Drawing,
Tendering, PV system, Automation system (KNX)

EXPERIENCE

Technical Office Engineer | National Company for Protected Cultivations

FROM APRIL 2022 TO NOW

Good at preparing assays, reviewing technical proposals and abstracts, as
well as pricing.

Electrical site Engineer | Bena office for engineering consultancy

FROM JULY 2021 TO OCT 2021

Supervising the implementation and directing the technicians of the work
plan to finish the work and deliver it according to the project time plan.

SKILLS

- Good with handling: AutoCAD, DIALux, ETS Program, Microsoft Office and all these I learned them by self-learning.
- Particularly good communicator and I find it easy to communicate with others and be able to use Presentation Skills.
- Be patient and able to work under pressure.
- Leadership and Planning Because I was the team leader for my graduation project, where they were 15 engineers.
