

Mohammed Qasim Yassin AL-SAEED

**Contact address**

**Mobile:** [(+964)7702677977] **E-mail:** [mkyh86@gmail.com]

## Personal Profile

---

**Nationality:** Iraqi

**Place of Birth:** Basra, Iraq

**Marital Status :** married

**Health:** Good(non-smoker)

**Address:** Basrah-14 July St.

**P.O.Box:** 2345

## Education

---

[2004] [Junior certificate] [School – Basra Secondary School/ Basra, Iraq]

[2008] [B.Sc. in Computer Science] [Shat Al Arab University, Iraq-Basra]

[2015] [M.S.c in Computer Science] [College of Science, Iraq-Basra University]

**Title of thesis** "Design and implementation system of distributed database for management health information and build a system to import data"

## SCIENTIFIC RESEARCH

---

- Design and implementation of distributed databases to manage information of patient visits to health departments, Journal of the University of Thi Qar, P 100-122, Vol. 4 No. 3.
- Data Migration Between Heterogeneous Databases.(international fourth scientific conference-university of Kerbala ).
- Work on new research "query in heterogeneous database".

## Certificates and Letters of Appreciation

---

- Get (8) Letters of Appreciation From South Oil Company.
- Get IC3 Certificate (911,844,978)/ Year(2011).
- TOEFL (447)/ Year(2011).

## Lecturer

---

- Internet in life /Held in South Oil Company
- Information security /Held in South Oil Company
- Electronic management /Held in South Oil Company
- Internet usage and Internet of things /Held in South Oil Company
- Information security and virus protection/Held in South Oil Company

## Work Experience

---

[2008 – 2010]                      [Information Technology Section]                      [CiviLand Comp.]

Main duties performed: Work as Direct of IT Section

[2010 – Now]                      [Planning & Project Studys]                      [South Oil Comp.]

Main duties performed: Work in Technical Section

## Skills

---

- Database
- Programming with V.Basic 6, VB. Net
- Programming with C++
- Programming with Pascal
- Network
- Operating System
- Software Engineering
- Data Structure
- Information Security and Encryption
- Information Technology
- Electronic management/ Electronic Government
- Introduction to Algorithms
- Introduction PLC/ microcontroller(Arduino)
- Work on Application of Microsoft Office (Word, Access, PowerPoint, Excel, Project management), Multimedia (Video effect, Sound effect), Photo (Photoshop, Photo Impact).

## Interests

---

**General Speciality :** distributed Heterogeneous Database and Network.

**Current interesting:** wireless sensor, cloudy computing, information security
