PROFILE

I have been successful in most of the fields in which i have worked. I often find solutions to problems that i can calmly and rationally make by suggesting and thinking about many solutions. I have a lot of ambitions and work hard to achieve my ambitions and to benefit from the mistakes I make. Many experience and i will not feel bored when I try again and respect the time.

**I have about 18 author books.
And many modern research.**

Education

Mustansiriya University

Faculty of Education/ Physics Department

Training & Languages

Training

Location: Al-Mustaqbal University College

Period :1/11/2016 -29/9/2018

Al-Nisure University College

Period :29/9/2018 And so far it is continuous

Languages

Arabic: Native

English: Good

Graduation project

Applications of image Processing Techniques on Structural and Optical Properties for Different Molarities of ZnO and SnO₂ Nanostructure Thin Films.

Skills

Photoshop

Matlab

OptiSystem

Microsoft Office

CorelDRAW

SPSS

Hobbies

Reading

Painting

Travel

Swimming

CheSS

Personal Works

Professional for photography since 1988.

Photography Since 1986.

Photoshop Designer for more than 12 Years.
