Faculty Vitae

1. Name

Reem Ibrahim Hasan
reemhasan@uoitc.edu.iq

2. Education

B.Sc.,	Software Engineering Science, Al-Rafidain University College, 2008.
M.Sc.,	Networks and Distributed Systems, University of Besancon-France, 2015.

3. Academic experience

2016 Assistant lecturer at the university of Information Technology and Communications.

4. Non-Academic experience

2008-2011 Programmer assistant at the Iraqi commission for computers and information.

2015-Now Programmer: Programmer at Information Technology Centre in at the university of Information Technology and Communications, as a programmer of web applications, I have a useful experience in   (ASP.NET+SQL Server).

2015-2016 Translation: as the head of Team supporter of the university website in English, I have a useful experience in translating the events of the university in English.

5. Certifications or prof. registrations

None

6. Current Membership in prof. organizations

None

7. Honors and awards

None

8. Service Activities

2015-2016 Member of team work for updating Information system
2016-2017 Member of team work for developing Following up graduates system

9. Pubublications/Presentations (past 5 years)

2015-2016 Article "A binary particle swarm algorithm with a simple mutation operator for Solving phylogenies problems" proceedings for NSDS 2015 in Iraq.
2015-2016 Chapter of book "Binary particle swarm versus Hybrid genetic algorithm for inferring well supported phylogenetic trees".
2014-2015 Article "Well supported phylogenies using largest subset of core-genes by discrete particle swarm optimization" proceedings for CIBB 2015 in Italy.
