

CURRICULUM VITAE

Haytham Arabi Ali Karrar

2019

Revised CV

PERSONAL INFORMATION

Name : Haytham Arabi Ali Karrar
D.O.B. : 25/4/1974.
Place.O.B.: Kuwait State
Nationality: Sudanese
Sex: Male
Marital status: Married
TEL: +966532444578
Skype: haythamarabialiakarrar
E-mail: haythamkarrar1@hotmail.com / haythamkarrar@yahoo.com

GMC registration:

1. Certified by examination, full registration-Sudanese National Council for Medical and Health Professional — (Medical Laboratory Specialist), (Histopathology & Cytopathology) –The Ministry of Human Resource Development and Labor.
2. Certified by examination, Saudi Commission for Health Specialties as a laboratory specialist.

QUALIFICATIONS

DATE	Description of qualification	Place obtained
2004 – 2005	Qualifying Year Diploma	Institute of Endemic Diseases, U of K, Sudan
2002/ April	BSc [MLS]	Omdurman Ahlia University (G/c)
1992 to 1994	[Sudanese Secondary School Certificate]	Khartoum – Sudan

CAREER PLAN

- ❖ Following graduation, I have been involved in professional and management issues in Med Lab. Sciences. This included professional work in Histopathology and Cytology. My future career will be directed towards Histopathology &cytopathology professional maintenance and the future innovations in these career especially molecular diagnostic issues and Quality Improvement issues.

APPOINTMENTS and WORK EXPERIENCE

Senior Histotechnologist

Dr. Sulaiman AL Habib Medical Group (Medical Diagnostic **Laboratory MDLAB**) since 1/5/2014 To 30/4/2018.

- ☐ The Laboratory is accredited by Saudi Central Board for Accreditation of Healthcare Institutions (CBAHI).
- ☐ The Laboratory is accredited by Collage of American Pathologists (CAP).

Responsibility

1. Organizes daily work congruent with schedules and work patterns of the subsection/section. Assists Section Supervisor in the appropriate dissemination of information in intershift, intersectional and departmental communication.
2. Ensures optimum levels of supplies are available to provide uninterrupted services;
3. assists in ordering supplies and maintains the supply inventory system.
4. Operates within cost effective practices of section.
5. Assist in the evaluation of new methodologies/equipment.
6. Assists in the revision of policy and procedure manuals in accordance with specified guidelines.
7. Processes surgical pathology specimens. Performs minor gross descriptions, frozen section, cutting of paraffin blocks, routine haematoxylin and eosin staining as well as Histochemical stains. Performs specialized task (immunohistochemical stains, Immunofluorescence).
8. Operates and maintains laboratory equipment.
9. Maintains Quality Control programs of the section and participates in the Quality Assurance Programs of the Department. Participates in and contributes to quality improvement activities.
10. Ensure that laboratory safety regulations and necessary precautions and requirements are met.
11. Processing all type of cytological samples like gynecological, FNA, and Body-fluid cytology.

Official Inspector

- **National Council for medical and health professions 1/01/2013 to /12/2013.**
- An activity to improve the quality of clinical laboratory services through voluntary participation, peer review, education, and compliance with established performance standards. From the outset, the Activity has been focused on improvement, and has always viewed its inspections as a consultative and collaborative relationship between the inspector and the laboratory.

Medical laboratory specialist

- **Khartoum Medical Laboratory 12/02/2012 to 7/3/2013.**
- . Perform a variety of laboratory tests and procedures to assist physicians in diagnosing, monitoring, treating and preventing disease. These tests areas:
 - ☐ Clinical chemistry - chemically analyzing blood and other body fluids
 - ☐ Hematology - studying blood cells and their formation in health and disease and investigating coagulation factors and disorders.

Medical Laboratory specialist

□ **Elribat University Hospital 2002-2011 Worked in following laboratory fields:**

1. Hematology
2. Clinical Chemistry
3. Histopathology
4. Parasitology

□ **During the period (Med Lab Scientist 2002-2006)**

responsible for the preparation and interpretation of different laboratory tests during my rotation in the different departments in the hospital.

□ **During the period (Med Lab Supervisor 2006-2011)**

Organizes and directs the daily activities of the laboratory.

Responsible for supervising laboratory personnel, conducting and overseeing quality assurance and quality control, and collecting, analyzing, and interpreting lab results

Responsible of budgeting, supply delivery and implementation of all laboratory services. Suggests improvements to process.

A knowledge resource for other team members.

Laboratory Specialist

❖ **Dr. Ahmed Omer Mubarak Clinic (private sector) for laboratory diagnosis of routine&Histo-Cytopathology since 1/10/2005 up to15/11/2007.**

Responsible for all routine laboratory investigations from collection, preparation of specimens and results interpretation. The routine laboratory investigations include Hematology, Chemical pathology and Parasitology.

Responsible for preparation and staining of histopathological and cytological specimens.

Contribute in Pap test services applied in our laboratory and FNA cytology.

COURSES/CONFERENCES

Courses:

1. Introduction to Quality Management System in Medical Laboratories. July 5, 2019. Saudi Society for Clinical Laboratory Sciences.
2. Laboratory Quality Management System. March 3, 2019. WHO.
3. Lean Six Sigma White Belt. March 3, 2019.
4. Six Sigma Yellow Belt Professional. February 13, 2019.
5. Certified Professional in Healthcare Management. International Healthcare Management Forum.
6. Certified in Healthcare Quality. Nov 10, 2018 International Healthcare Management Forum.
7. Basic Cardiac Life Support Provider. Recognized by Saudi Commission for Health Specialties.
8. Quality control in medical laboratory sciences, 11th-12th/ 9/2013, National Council Medical and Health Professions.
9. Gynecological Cytology workshop theory and practical 30/5 -1/6/2013. Faculty of Medical Laboratory Science, University of Khartoum.

10. Skills of Medical Marketing workshop, 27/4/2013.
11. Participate in Lung Cancer Symposium. Venue: CPD center MOH-Khartoum 28/3/2013. Organized by Sudanese Chest Physicians Society & Nile Center for training and medical ethics.
12. Participate in the strategic course of modern human resource management /Effective supervision strategy. CPD center MOH-Khartoum 24-26/3/2013. Guild Hall medical and health professions, Sunday, 27/1/2013.
13. Urine and Effusion Cytopathology Workshop, 7th & 9th /3/ 2013, Faculty of MLS, University of Medical Science and Technology (UMST). CME credits = 4.
14. Workshop: Towards an Islamic strategy to fight AIDS. General Center of National council Hall, 17/1/2011.
15. Cyber Crime Investigation Course (introductory level), 12th Oct to 8th Nov 2009 at Police Academy, Khartoum.
16. Liquid-PREP tm Cytology System Training Program 26\5\2009.
17. Advanced Cervical Cytology (liquid- base cytology) Workshop, University of Science and technology. 16, 17/2/2009.
18. Basic Cervical Cytology Workshop, University of Science and Technology. 22\10\2007
19. Development of Researcher Skills & Behavior From 25/3/2006 to 8/4/2006 in Institute of Social & Criminal studies, The National Ribat University.
20. Molecular Biology Course Level 1 & 2 from 28/9/2003 to 15/12/2003, the course contains theory and practical lectures.
21. Immunohistochemistry Course from 1/10/2003 to 15/10/2003 in Immune Technology & cancer research Centre, the course contains theory and practical lectures.
22. Computer Course from 10/2/1999 to 10/4/1999, Square One for Computer & Technology. The course includes introduction and operation, windows, Ms-word, Ms-excel and internet. Also, excellent application of power-point program.

Conferences:

1. 1st International Conference on Tropical & Infectious Disease, Academy of Medical Sciences & Technology 17/1/2004 – 19/1/2004, Friendship Hall. (participate in exhibition part)
2. Development of Medical Education, University of Khartoum 2004, Friendship Hall. (Participant).
3. The Public Face of Pathology, Sir James Underwood 19/12/2005, University of Khartoum. (Audience).
4. Africa Calls, Distance learning in evolving Africa nations (cytoteleconferencing program) in Omdurman Ahlia University, 2 Lectures from 2006-2008, www.annenberg.net/AfricaCalls/.
5. 1st Cervical Cancer Symposium and Cytology Workshop, University of Science Technology, October 2007. (participant).
6. 1st Scientific Conference for the Sudanese Society of Clinical Biology, November 24-26th, 2006, Friendship Hall, Khartoum, Sudan. (participant).
7. 2nd Cervical Cancer Conference, University of Science and Technology, 15-17 February 2009.
8. 3rd Scientific Conference for the Sudanese Society of Clinical Biology, 22-24th Nov 2008, Friendship Hall, Khartoum, Sudan. (Presenter).
9. 3rd Cervical Cancer Conference, University of Science and Technology 2009.
10. Chairman in liquid-PREP tm cytology Workshop, May 26th 2009 Ahlia University.
11. The 1st International Conference of Medical Laboratory in Sudan 5-8/12/2013. Has attended as Organizer in the higher committee.

12. Fourth International medical research conference In Sudan by Sudanese Medical Association in UK & Ireland 13-15/12/2013.

PRESENTATIONS

1. Schistosomiasis Diagnostic Tools including Molecular Techniques, Qualifying Journal
2. Club Presentations, Institute of Endemic Diseases, 2005.
3. Eukaryotic vs. Prokaryotic Cell, Qualifying Journal Club Presentations, Institute of Endemic Diseases, 2005.
4. Epidemiological Issues and Statistical Values, Tools for Research, Qualifying Journal Club Presentations, Institute of Endemic Diseases, 2005.
5. Ethical issues in Cytopathology. Sudanese Academy of Cytopathology 2008.
6. Training pathway in cytology (Tele-cytology/visual science), 3rd Scientific Conference held by Sudanese Society of Clinical Biology, November 22-24th, 2008, Friendship Hall, Khartoum, Sudan.
7. Liquid-PREP cytology product system, Alnileen University, 18th June 2009.

LANGUAGES

- a. Arabic language original/native language.
- b. English language [(written excellent), (Reading: excellent), (Speaking: fluently)].

PERSONAL LIFESTYLE AND SKILLS

- a. I am sport-man; this has enhanced my professional, educational and personal performance.
- b. Sound knowledge of legal requirements.
- c. High level of negotiation skills.
- d. Excellent communication skills, ability to work independently and closely with the end- customer.
- e. I have practical experience in the management and operation of voluntary civic organizations.
- f. Of my hobbies collecting stamps and coins.
- g. I have a valid Driving license.

ACHEVIEMENTS:

- a. Coordinator in Africa call program, www.annenberg.net/AfricaCalls/Ahlia
- b. Founder of Sudanese Academy of Cytology (SAC), Current secretary treasurer.
- c. - Founder of the first training center in cytology, Sudanese training center of biotechnology www.scot.edu.sd.
- d. - Administrator on the media centers for the session of the African Nations for locals, February 2011, Sudan
- e. Participation to prepare a proposal to rehabilitate primary health care center at the Institute of Training non-commissioned officers and soldiers.
- f. I was assigned by the Chairman of the Scientific Committee Dr. Abdullah El-Tom to the functioning of the Sudanese Society of Medical Laboratory Sciences. Scientific Office follows the career of the Sudanese Union Specialist for medical laboratories.
- g. A member of the Supreme Committee of the AU Conference of medical laboratories held in Sudan in December 2011.
- h. General Coordinator of the smart partnership program in the field of training for graduates of medical laboratories between National Council of Medical And Health Professions And
- i. Faculty of Medical Laboratory Science University of Khartoum
