

ACADEMIC CURRICULUM VITAE, SCIENTIFIC AND CAREER TRANSCRIPT

Name: Shehata Eldabie Abdel Raheem
Current Position: Prof. of Structural and Geotechnical, Earthquake Engineering

Shehata E. ABDEL RAHEEM, Prof. of Earthquake, Bridge, Structural and Geotechnical Engineering; 2014, Civil Engineering Dept., Faculty of Engineering, Assiut Uni., Egypt. Dr.-Eng.; 2003. JSPS fellow; 2006, Hokkaido Uni., Japan. Alexander von Humboldt fellow; 2005, Kassel Uni., Germany. He has published more than 80 papers in the field of structural engineering, structural analysis, earthquake engineering, soil structure interaction, seismic pounding, structural control, and nonlinear dynamic of offshore structures. He is a previous member of the JSCE. He reviewed many papers for international journals. He is currently working as an engineering counselor at the general project management of Taibah Uni. He is Prof. of Earthquake, Structural and Geotechnical, Construction Engineering, Faculty of Engineering, Taibah Uni., Madinah Munawarh, Kingdom of Saudi Arabia. He is currently Editor-In-Chief (Eic): International Journal of Engineering (IJE), from 8/2016, http://cscjournals.org/csc/journals/IJE/editorial_board.php?JCode=IJE

Shehata Eldabie Abdel Raheem

Prof. of Structural Engineering, Taibah Univ., Saudi Arabia.
Prof. of Structural Engineering, Assiut Univ., Egypt, *(on leave)*.
Mob.: +966569080208, +201117857478, Fax: +20 88 2332553
Formerly, JSPS fellow, Lab. of Bridge and Structural Design Engineering
Graduate School of Engineering, Hokkaido University, Japan.
Alexander von Humboldt, Steel & Composite structures, Kassel
University, Germany
