Biography

Dr. Najeb M.H. Masoud has a Ph.D. in Accounting and Finance from Huddersfield University, Business School, UK. Masoud re-joined *Aqaba University of Technology*, Business School in September 2015 as Asst. Professor of Accounting and *Dean of Scientific Research* after two years as Asst. Prof. in Accounting and Finance in Middle East University Business School in 2013 after three years at the University of Al-Zaytoonah, where he was University Lecturer in Accounting and Finance since in 2010.

Masouds' accumulated over 8 years of academic experience in Jordan, using different tools of teaching including online courses and smart boards in teaching interests cut across Accounting, Finance, and CSR, having taught modules, such as Business Finance, Corporate Finance, International Accounting, International Accounting Slandered, Financial Accounting, Managerial Accounting, Accounting Information System, Principles for Management, Financial Institution and Marketing, Auditing and Research Methods to undergraduate, postgraduate and professional accounting and finance students.

Masouds has continuing research interests in accounting and governance (corporate governance and financial reporting), accountability and ethics (social and environmental accounting – corporate social responsibility), and finance (market-based research and financial economics – development finance), having published extensively in a number of internationally recognised journals, within 45 research on different topics of accounting and finance contributions in international indexed journals. Since 2012, research gate reports over 125 citations for these publications, h-index 5, i10-index 4. In addition two books and 6 international conference presentations and supervised over 7 M.Sc. theses, focusing on topics in accounting, finance and governance.

Masouds Master's degree was obtained from Academy of Graduate Studies in Tripoli Libya and his doctorate from the University of Huddersfield. His PhD was concerned with ***Libya's Economic Reform Programme and the Case for a Stock Market*** and has resulted in a number of refereed articles in internationally ranked journals. Indeed, his findings may well have valuable lessons for other emerging economies around the world, in the opinion of experts who have appraised his work. Furthermore, he

has presented papers at more than twenty international journals in the UK, US, Australia, Turkey, India, and Hang Kong.

He has been honoured by his own government for the year 2010. From a total of some 5,000 Libyans currently studying in the UK, he was one of 26 who received a special certificate awarded in London by the Libyan People's Bureau and the Libyan Students Union, in recognition of their achievements and the only PhD researcher Awarded for contribution to International scientific Research and listed. In 2012, he wine of the award in its eleventh session 2012 "Sharjah Prize for Doctoral Dissertations in Management Sciences in the Arab World". In 2011, he has been awarded the American Biographical Institute Man of the Year 2011, USA. In 2012, he has been awarded in Recognition of his Services to Education, issued by the International Biographical Centre of Cambridge, England. In 2013, he has been awarded the "Honorary Doctorate of Letters" issued by International Biographical Centre, Cambridge, England. In 2017, he has been awarded the Excellence Awards Academy: Gold Medal of Excellence with the Certificate in the Arab Social Responsibility Award - "International Pyramid Model of CSR"- at its twelfth session; Sharm Alsheikh, Egypt.
