

C.V

Full name: Hajer Sattar Jabbar

Nationality: Arabian

Citizenship: Iraqi

Profession: Agronomist

Date of Birth: 07/04/1988

Place of Birth: Iraq-Basra

Gender: Female

Blood type: O⁺

Marital status: Single

Current Address: Iraq/ Basra/ Al Hakimiya

E-Mail address: drhajersattar@gmail.com

Mobile cell phone: 07815074508

Whatsapp Cell Phone: 07822263902

The Work Address: Ministry of agriculture –Basra Agriculture Directorate- Marshland development department.

Certificates:

1- B.Sc. of Agriculture Sciences

Year of graduation: 2006-2010.

Degree: Medium (74.55%).

University: Basra University.

College name: Agriculture College.

Department: Horticulture and Landscape.

2- Master of Agricultural Science

Year of graduation: 2013. **Degree:** (79.55) **University:** Basra University

College name: Agriculture

Master research project: Effect of foliar spraying Agrosin marine seaweed extract and plant growth (NAA) on growth and yield hybrids of eggplant *solanum melongena* l.

3- Doctor of philosophy in Medical and Aromatic Plants

Year of graduation: 2018. **Degree:** 88.25% **University:** Basra University.

PhD. Research project: Effect of data and density of planting and spraying treatment in the growth and yield of garlic plant and efficacy of some microbiology Anurse for humans.

Computer Skills:

I have a great experience in computer programs such as Windows Xp Microsoft Office.

Employment Experiences:

I have been working at Basra agriculture directorate since 2019.

1. Basra Agriculture Directorate
 - Member of the scientific committee

Research Article Projects:

1. Research article on the effect of planting date and spraying with liquid humus and their interactions on the growth of *Coriandrum Sativum* L. and it's yield from oil and fruits. (International Journal of Agriculture and Statistical Sciences 2021)
2. Research article on evaluating the inhibitory efficiency for southern cattail (*Typha Domingensis*) pollen extracts against the growth of two types of human pathogenic bacterial and fungal isolates. (Annals of the Romanian Society of Cell Biology 2021)
3. Research article on the effects of organic extracts and adding methods on growth and yield traits of tomato plant (*Solanum Lycopersicon* L.) growing under greenhouse conditions. (International Journal of Agriculture and Statistical Sciences 2021)
4. Research article on the effects of seaweed extracts of Algidex and bay leaves on grape leaves growth (*Beta Vulgaris* L. *Varcicla*) (Arab Journal of Agricultural Sciences 2020)
5. Research article on the effects of Roselle extract and magic grow tonic balanced solution spray on vegetative growth and flowering of *Tagetes Erecta*. (Journal of Agricultural, Environmental and Veterinary Sciences 2021)
6. Research article on the effect of spraying garlic plants *Allium Sativum* with seaweed and it's extracts against two types of pathological bacterial and fungal isolates. (Assiut Journal of agricultural sciences 2017)
7. Research article on the effects of planting date, plant density and spraying with organic nutrients on growth and quantitative and qualitative yield for garlic plant (*Allium Sativum* L.) (Euphrates Journal of Agricultural Science 2018)
- 8- Effect of Spray with the Pomegranate Peel and Ginger Roots Extracts on Growth and Yield of National Red Onion (*Allium cepa* L.) (Indian Journal of Ecology , 2022)

Scientific Research Articles:

1. Scientific research article on the evaluation of the inhibition effectiveness of some plant extracts against bacterial and fungal isolates that pathogenic humans.
(International Journal of Science and Research 2019)
2. Scientific research article on soil salinity and irrigation water types. Effects and symptoms on vegetable plants.
(International Journal of Scientific Studies Publishing 2020)

Training Courses:

1. Gave a lecture at the International Organization for the Protection of Human Rights Ukraine on Indoor plants. (2020).
2. Gave a lecture at Al- Ghadaq Foundation for Public Services and Development on the establishment of Plastic Greenhouses. (2020).
