education

2019-2021 Professor in Biochemistry, Bees and Agricultural Ecology from Yalta University, Russian Federation.

2014-2018 PhD in Organic Chemistry from North Caucasus University, Stavropol, Russian Federation.

1990-1992 Master's degree in Biochemistry, Frunze-Simferopol University, Soviet Union.

1986-1989 Bachelor's degree in Biochemistry from Lemnosfa University in Kiev, the capital of Ukraine.

1983-1984 High School, Hanishan Ataq Secondary School, Shabwa Governorate.

Function

- From 2021, academic member of Shabwa University and head of the Department of Chemistry/Biology until the present

- 2021 Academic member at the University of Aden

1992-2009 Health and Population Officer, Ataq, Shabwa Governorate

Professional skills

- He has more than one 12 books and scientific research, including 5 published internationally

10 scientific research papers issued within the Russian Federation.

- He holds the highest degree in his field of study abroad in biochemistry.

The first to introduce types of wild bees that pollinate a wide range of agricultural crops to Yemen, and to cultivate and raise them in a number of Yemeni governorates in the north and south.

- Possessing three patents in agricultural chemistry and bees (pollination with wild bees, increasing agricultural yields, and also increasing vegetation cover in the Republic of Yemen because wild bees

Great benefit in vaccinating more than 85% of the entire Earth's plants) and organic chemistry

(Fighting cancer through chemical elements that nourish the cancer cell).

Courses and conferences

- Training course in bees, 06.20.2018, Krasnodar, Russia.

- Training course in bees 05/08/2017 Moscow Russia.

- Many training courses in the field of bees and agriculture between the years 1988 and 1991 in Kyiv and cities Other.

- Membership and attendance at the Eleventh Conference for Applied and Human Sciences at Jerash University in Jordan in mid-November 2022

Languages

- Arabic (mother tongue)

- Proficiency in Russian and Ukrainian languages (oral and written)

- Fluent in the English language

Skill and interests

Dr. Abdul Salam Mohammed Ahmed Al Hajri is experienced and skilled in the agricultural field and bee life including vegetation and pollination.

- I am interested in beekeeping and honey marketing

- I also have experience in biochemistry and organic chemistry.

- Effective marketing

- Organizational capacity

- Operability and commitment

- Ability to motivate employees and maintain good relationships
