

## CURRICULUM VITAE

### PERSONAL DATA:

Name: **AQIL DAHER**  
Citizenship: **Turkish**  
Permanent Address:  
12-6-1 Bukit OUG Condominiums  
Jalan 3A/155  
58200 Kuala Lumpur  
Malaysia  
E-mail: [aqildaher@gmail.com](mailto:aqildaher@gmail.com)  
[aqildaher@imu.edu.my](mailto:aqildaher@imu.edu.my)  
Cell : +6019-926-2429

### Summary:

Associate Professor Dr Aqil is a lecturer of public health holding basic degree in general medicine and surgery, master of public health and PhD in public health. His main teaching portfolio includes biostatistics, research methodology, epidemiology, and population health. He has been facilitating community health promotion campaigns of undergraduate students. He currently coordinates research methodology module for master in science in public health at international medical university, Malaysia. Dr Aqil plays an important role in diverse clinical and public health research that contributed to his 886 citations so far. He has to his credits 58 indexed publications and achieved an H-index of 14. Dr Aqil has vast experience in statistical analysis using variety of statistical models and softwares like SPSS, STATA, AMOS, SmartPLS and comprehensive meta-analysis. He acted as speaker in statistical training workshops, national and international conferences, and postgraduates' forums.

### QUALIFICATIONS - EDUCATION:

2009 – 2014 PhD in Medicine (Public Health), Universiti Teknologi MARA – Malaysia.  
2006 - 2007 Master of Public Health (MPH), University Malaya-Malaysia.  
1988-1994 Bachelor Degree in Medicine and Surgery (MB ChB), Baghdad University-Iraq.

## **PROFESSIONAL MEMBERSHIP:**

- [1] Member of Malaysian Public Health Specialist Association.
- [2] Member of The Malaysian Association for Research Managers and Administrators.

## **AWARDS**

- **Research excellence award for department with highest cumulative number of indexed publications 2021**
- **Research excellence award for department with highest cumulative impact factor 2021**
- **Research excellence award for department with highest cumulative research grant 2021**
- **Research excellence award for department with highest cumulative number of indexed publications 2020.**
- **Achievement award for development of Master of Science in Public Health(MSPH)- Open and distance learning (ODL) Programme 2020.**
- **Excellent academic performance award for the year 2019. National Defence University of Malaysia**
- **Excellent academic performance award for the year 2018. National Defence University of Malaysia**
- **Excellent academic performance award for the year 2017. National Defence University of Malaysia.**
- **Excellent academic performance award for the year 2016. National Defence University of Malaysia**
- **Research Innovation award for high citation of the year 2016. National Defence University of Malaysia.**
- **Excellent service award for the year 2008. Universiti Teknologi MARA.**

## **WORK EXPERIENCE:**

2020-present	Associate Professor Community Medicine School of Medicine International Medical University Bukit Jalil, 57000 KL, Malaysia
2014-2020	Associate Professor Community Medicine Faculty of Medicine & Defence Health National defence university of Malaysia Sungai Besi, 57000 KL, Malaysia
2007-2014	Senior lecturer of Community medicine Faculty of Medicine Universiti Teknologi MARA

	4700 Sungai Buloh, Malaysia
2002- 2006	Approved primary care physician for Shlumberger Overseas S.A. Medical and health consultant of Nur-Ak trading & contracting Co Azal specialized hospital Sanaa, Yemen
1998-2002	Medical officer Azal specialized hospital Sanaa, Yemen
1996-1998	Medical officer Al Qadisiya Fighters Care Commission Baghdad Iraq
1994-1996	Houseman officer Baghdad health directorate Baghdad, Iraq

#### ACADEMIC DUTIES:

- **Teaching**
  - Biostatistics.
  - Research methods.
  - Epidemiology.
  - Population Health
- **Research**
  - Conducting high quality research.
  - Performing systematic review and meta-analysis.
  - Publishing in peer-reviewed journals.
  - Guiding in report and thesis writing.
- **Consultancy**
  - Provide full range consultancy service in research design and analysis.
  - Professional data analyst using SPSS, STATA and Comprehensive meta-analysis.
- **Supervision**
  - Supervising postgraduate students.
  - Continuous supervision of undergraduate student project, community service and filed activities.
  - Mentoring students.
- **Examiner**
  - Internal and External examiner for undergraduate and postgraduate students.
- **Administrative**
  - Course and semester coordinator.

#### Coordinator:

- Research Methodology, Master of Science in Public Health- School of Medicine, International Medical University, KL-Malaysia July 2020 until present time.
- Basic Biostatistics, Master of Science Public Health- School of Medicine, International Medical University, KL-Malaysia September 2021 until now.
- Research Methodology and biostatistics –Faculty of Medicine & Defence Health, National

- Defence University of Malaysia 2014-2020.
- Biostatistics Module- Faculty of Medicine, Universiti Teknologi MARA-Malaysia 2009-2014.

#### **SUPERVISION and EXAMINATION:**

- PhD thesis entitled “**Internet of things framework for electronic health record retrieval for Malaysian pilgrims**”. Graduated
- PhD thesis entitled “**The relationship between psychological stress and related biomarkers in military setting and their application in the development of immunosensor**” Graduated
- Master thesis entitled “**Factors associated with stress and coping strategies among Postgraduate Students who are employed in Klang Valley**” Graduated
- Master thesis entitled “**Patients’ intention to make partial upfront payment, a new approach to reduce no-show among sample of specialist outpatient clinic at private health facility**” Graduated
- Master thesis entitled “**The Association between Sociodemographic, Clinical Factors, Hand Grip Strength and Erectile Dysfunction Among Men with Metabolic Syndrome Attending Primary Care Clinics**” Graduated
- Master thesis entitled “**Perceived threat to professional autonomy on allopathic physicians’ intention to use acupuncture in Malaysia. a cross-sectional survey**” Graduated
- Master thesis entitled “**Fear of COVID-19 in relation to the adoption of a walk-away mobile based queueing system among outpatients at Hospital Sungai Buloh**” Ongoing
- Master thesis entitled “**Intention to utilize acupuncture as treatment choice among sample of International Medical University (IMU) staffs.**” Ongoing
- Master thesis entitled “**Sleep deprivation and its effect on self-perceived performance among medical officers in Tuanku Ja’afar Hospital**” Ongoing
- 
- Thesis examiner and viva chair: PhD Candidate in public health
  - o Student Name: Prof Dr. Gerard Thomas Flaherty
  - o Thesis title: International Travel with Pre-existing Medical Illness.
  - o Completed and Graduated in 2021.
- Thesis examiner: PhD Candidate in public health
  - o Student Name: Sangeeta Kaur A/P Darshan Singh
  - o Thesis title: Urban youth, their alcohol consumption and associated risk within three ethnic groups in Malaysia.
  - o Completed and Graduated in 2018.
- External examiner: Master thesis in occupational safety and health
  - o Student Name: Mohammad Mahmoud Ali Alglilat
  - o Thesis title: Employees perception of occupational safety and health and its associated factors at Al-Wala Jordanian company for catering services.
  - o Completed and Graduated in 2018.

#### **DEPARTMENTAL PROGRAMMES DEVELOPED:**

- Master of Public Health (MPH), Faculty of Medicine, Universiti Teknologi MARA-Malaysia
- Doctor of Public Health DrPH, Faculty of Medicine, Universiti Teknologi MARA-Malaysia
- Advanced Medical Sciences (AMS), Faculty of Medicine, Universiti Teknologi MARA-Malaysia
- Master of Public health and DrPH in military medicine, National defence university of Malaysia.
- Master of Science in Public Health(MSPH)- Open and distance learning (ODL) Programme 2021
- Micro-credential in biostatistics, School of medicine, International medical university,

Malaysia.

#### **SPEAKER**

- 1<sup>st</sup> workshop on Basic Statistical Analysis Using SPSS Program, UiTM, Shah Alam December 2007
- 2nd Workshop on Basic Statistical Analysis using SPSS Program, UiTM, Shah Alam August 2008
- 3rd Workshop on Basic Statistical Analysis using SPSS Program, UiTM, Shah Alam June 2009
- Lunch Talk, Improve your Skills in Statistics, UPM, Serdang. December 2009
- Basic Biostatistics Workshop, UiTM, Selayang. February 2011
- SPSS Workshop 2013, UiTM, Sungai Buloh. June 2013.
- Keynote Speaker "How to Get Your Paper Published in High Impact Journal". International Conference on Advanced Computer Science Applications and Technologies 2013, Kuala Lumpur. December 2013
- Sole instructor and trainer: "Research Design and Road to Statistical Analysis", two days program organized by Novartis, Baghdad, Iraq. April 2016
- Keynote Speaker "Making Sense of Statistics". International Conference on Science, Engineering, and Innovative Technology (MICSEIT) 2016, MSU, Shah Alam August 2016
- International conference on business management, education, social science and computer science 2019 (ICBESC 2019)

#### **SERVICES:**

- Continuous provider of community service in conjunction with health promotion campaign
- Screening of common medical diseases (hypertension, DM, Dyslipidemia).
- Head of technical committee of world congress of advanced medical sciences. Kuala Lumpur, Malaysia 2013.
- Invited Medical Director of Al Madar Medical Center –Sharjah- United Arab Emirates
- Continuous provision of free medical care to impoverished migrants and those with language barriers inside Malaysia.

#### **COMPUTER & SOFTWARE SKILLS:**

<b>Skill</b>	<b>Years</b>	<b>Proficiency</b>
SPSS	>14	Advanced
STATA	>10	Advanced
AMOS-PLS	>6	Advanced
Comprehensive Metanalysis	>6	Intermediate
Endnote	>14	Advanced

#### **STRENGTHS:**

- Strong capacity for teamwork.
  - Ability to communicate openly and productively with team members.
  - Dynamic team player.
  - Highly inquisitive.
  - Creative and resourceful.
  - Excellent skills in communication and collaboration.
  - Sense of responsibility.
  - Teaching experience (11 years).
- In both physical and academic senses, I am very energetic. I have the ability to complete large bodies of work in a limited time frame.

#### RESEARCH INTERESTS:

- Questionnaire development and evaluation.
- Quality of life.
- Diabetes prevention.
- Obesity.
- Medical curriculum evaluation and development.

#### THESIS AND DISSERTATIONS

1. Ph.D. Thesis, 2014, entitled "Determinants of Quality of Life among a sample of diabetic patients attending national university of Malaysia medical centre".
2. MPH. Dissertation, 2007, entitled "Prevalence and risk factors of diabetic retinopathy"
3. MBChB. Dissertation, 1988, entitled "Cause and solutions of absenteeism among year four medical students-college of medicine, Baghdad university".

#### RESEARCH GRANTS:

- Safety and Efficacy of Therapeutic Carbohydrate Restriction (TCR) in Patients with Type 2 Diabetes and on Insulin Therapy. **Funded by International Medical University.**
- Pneumococcal carriage and serotype distribution in children with otitis media in Malaysia. **Funded by Merck Sharpe & Dohme (MSD)**
- Factors associated with stress and coping strategies among Postgraduate Students who are employed in Klang Valley. **Funded by International Medical University.**
- Patients' intention to make partial upfront payment, a new approach to reduce no-show among sample of specialist outpatient clinic at private health facility. **Funded by International Medical University.**
- Fear of COVID-19 in relation to the adoption of a walk-away mobile based queueing system among outpatients at Hospital Sungai Buloh. **Funded by International Medical University.**
- The Association between Sociodemographic, Clinical Factors, Hand Grip Strength and Erectile Dysfunction Among Men with Metabolic Syndrome Attending Primary Care Clinics. **Funded by International Medical University.**
- Perceived threat to professional autonomy on allopathic physicians' intention to use acupuncture in Malaysia. a cross-sectional survey. **Funded by International Medical University.**
- Master thesis entitled "Intention to utilize acupuncture as treatment choice among sample of International Medical University (IMU) staffs." **Funded by International Medical University.**
- Master thesis entitled "Sleep deprivation and its effect on self-perceived performance among medical officers in Tuanku Ja'afar Hospital" **Funded by International Medical University.**
- Innovating an escape device from second/third floor window of linked house incorporating training drill program for fire escape. **Funded by National Defence University of Malaysia.**
- Translation, validation, and reliability testing of the English Spiritual wellbeing scale among multi-ethnic group of Malaysians with type 2 diabetes mellitus. **Funded by Universiti Teknologi MARA**
- Correlation of coping style and blood lipid. **Funded by Universiti Teknologi MARA**
- Impact of non-surgical periodontal therapy on OHRQoL in an obese population, a randomised control trial. **Funded by University Malaya.**
- Awareness about education and training of disaster medicine among undergraduate medical military cadets in Malaysia. **Funded by National Defence University of Malaysia.**
- Evaluation of teaching and learning of general pathology in Malaysian military medical

school. **Funded by National Defence University of Malaysia.**

## **COURSES AND TRAINING**

- Becoming a Problem-Based Learning Tutor at Universiti Teknologi MARA  
August 2007
- Multiple Choice and Short answers questions at Universiti Teknologi MARA  
June 2009
- Conduct of Early Clinical Exposure Teaching, Training of the Trainer 2010 at Universiti  
Teknologi MARA  
August 2010
- HOW to BE an EFFECTIVE MENTOR at Universiti Teknologi MARA  
February 2010
- Advanced Structural Equation Modelling at Alfa Solution for Training  
March 2013
- Introduction of Structural Equation Modelling at Universiti Teknologi MARA  
December 2011
- Academic Conference at Universiti Teknologi MARA  
February 2011
- How to Write Question for Objective Structured Clinical Examination (OSCE) at National  
Defence University of Malaysia  
April 2014
- How to Problem-Based Questions at National Defence University of Malaysia  
April 2014
- Literature Review with ATLAS.  
November 2014
- The Nusantara Love Link Community Program  
September 2016
- Simulation of Northeast Monsoon Disaster Preparedness  
October 2016
- Chemical And Biological Defence Seminar 2016 at National Defence University of Malaysia  
October 2016
- National Symposium on logistic And Transport, Taxi and Uberisation , Way Forward at  
National Defence University of Malaysia  
November 2016
- One Day Introductory course in Qualitative Research at University Putra Malaysia  
November 2016

## **CONFERENCES**

Diabetes Asia 2008 Conference, Kuala Lumpur

October 2008

UiTM Academic Conference, Shah Alam

February 2011

6th International Medical Education Conference, Kuala Lumpur

April 2009

International Conference on Rural Medicine, Kota Kinabalo

November 2011

First World Congress for Advanced Medical Science Research WORMED 2013, Kuala Lumpur

October 2013

International Conference on Science, Engineering, and Innovative Technology (MICSEIT) 2016

August 2016

1st International Conference of MEDICAL GOES PUBLIC (ICON-MEGOPIC2021)
