

OMAR ADIL SABAH

Architectural Engineer, Assistant Lecturer

+60178298799

omaradils79@gmail.com

Profile

Presently, I'm a PhD candidate in Universiti Sains Malaysia, school of Housing, Building and Planning. In addition to my academic responsibilities, I attend many other activities related to welfare, culture and art, as a member of postgraduate student association (Design team leader) and other organizations. I show a bright attitude in teamwork, creativity, cooperation and leadership.

Omar Adil Sabah/ Passport No. G2438024/Iraq

Experience

Architect 2002-2005

Al-Tayib bureau of Architectural Engineering

From my BSc. Graduated in 2002, I worked in this bureau as an architect, where I participated in many different project designs, shop drawings, 3D visualizations, and models making.

Architectural Engineer 2005-2006

Architectural Engineering Dept./ College of Engineering

Mosul University/ Iraq

While studying my master's degree, I had the chance to be employed at the same facility that I graduate from.

Assistant Lecturer 2006-

Architectural Engineering Dept./ College of Engineering

Mosul University/ Iraq

After finishing my MSc., I promoted in my career to be assistant lecturer. Academically, I lectured the subject of software applications for architecture students, as well as participated architectural subjects as: Architectural design studio, Interior design studio, Landscape design studio, Architectural documentation and Shop drawing studio. I also was a member of organizing committee for the annual Exhibition of Architecture Dept. in the years 2006-2012.

Architect

2005-2008

ACAD professional bureau

After getting some experience and being employed, I worked as a partner architect with two other colleagues in our own bureau. Also, we tend to work many various types of projects as designs, models making, shop drawings and construction management.

Architect, CEO

2009-2013

PANORAMArch bureau

I opened my own bureau that provided architectural services such as designs, projects sets preparation, 3D visualizations, shop drawings and model making.
