Nahla Mohamed Ahmed Hassan

Journalist & SEO Specialist

Hello,

I am Nahla Elnaqa, I have several personalities through which I can introduce myself. However, according to your job requirements, I will integrate many of these personalities. I graduated from the Faculty of Mass-Communication at Cairo University, Journalism Department, in 2019, and I am currently doing a master's degree. My career in training and volunteering began in my first university years. I have acquired different skills during my travels and participation in various events.

I won't dwell on listing my skills and certificates extensively since my CV already contains sufficient details. Instead, I would like to express my desire for this job. When I saw the job announcement, I felt that it was the perfect position for someone like me. It brings together all aspects of my personality, which I usually use separately depending on the context. Here, I believe I can integrate these personalities effectively. Moreover, I have a significant amount of experience in both individual and team work, as well as team management.

Nahla Elnaqa
