PROFILE

I am an archeologist who holds a bachelor degree from the Department of Islamic, Coptic and Jewish Archeology at the Faculty of Archeology in Cairo University. Since 2006, i have been working in the Ministry of Antiquities in Egypt in many departments and archaeological areas. So far, I have registered and documented many buildings and antiques transferred in the field of archeology. Also I hold a Master's Degree in Islamic Archeology in 2016 from the Faculty of Archeology, Cairo University, specializing in architecture, arts and archeology of the Islamic Civilization of the East. I have published many research papers in scientific journals and a research paper was presented at a scientific conference.

OBJECTIVE

To enhance my research and practical capacities promoting archaeological work, as well as promoting archaeological awareness and preserving the archeology and heritage of humanity.
