

College of Science, Academic Staff Form | 2021

1	Name
Name (in English)	Dr. Muna Salman Al-Delaimi
Name	د. منى سلمان الدليمي

2	اللقب العلمى – ناسناقى زانستى – Scientific Title
Scientific Title (in English)	Assistant Professor
اللقب العلمى (عربى)	استاذ مساعد

3	Specialty (in English)
	Microbiology

4	Degrees Awarded (in English)
	<ul style="list-style-type: none">• 2000, PhD. Degree in Microbiology, University of Baghdad• 1989, MSc. Degree in Pathology, University of Baghdad• 1985, Vet.Med.BSc, University of Baghdad

5	Published Researches (in English)
	<ul style="list-style-type: none">- Isolation and identification of bacterial causes of infantile diarrhea in some districts in Baghdad .<i>Technical research journal</i>, vol, 12, No.51, (1999)pp.13-18- Pathogenesis of <i>Campylobacter jejuni</i> infection with emphasis on ultra structural changes .<i>Duhok Medical Journal</i>, vol.2, No.1, (2008) pp.17-29.- Study on microbial genital infections in both sexes in the Baghdad area .<i>Journal of Al-anbar University for pure Science</i>, No.2, Vol.2 (2008) pp.112-116- Pathological changes of <i>Campylobacter jejuni</i>: Experimental study. <i>Kirkuk University Journal scientific studies</i>, No.3, Vol.4 (2009) pp.99-116

College of Science, Academic Staff Form | 2021

- The effect of γ radiation on bacterial properties of honey. *Basrah Journal of Veterinary Research*, No.1, Vol.8 (2009). pp.20-27.
- Cytopathic effect of cytotoxin produces by *Campylobacter jejuni* on tissue culture cells. *J. Duhok Univ* No.1, Vol.12 (2009). pp.275-281 (Special Issue).
- *Campylobacter* enteritis: Bacteriological & immunological studies. *J. Duhok Univ. No.1* , Vol.13 (2010). pp.29-38 (Special Issue).
- Effect of black seed oil on phagocytosis of bacteria (*In-vitro* study). *Proceeding of 12th Scientific Conference. Foundation of Technical Education*. Vol.3 (2011) pp.318-328 (Special Issue).
- Antimicrobial activity of black seed oil & water extracts On multidrug resistant *Pseudomonas aeruginosa* . *Journal of Al-anbar University for pure Science*. Vol.6, No.3. (2012) pp.7-14
- Early onset neonatal sepsis: Bacteriological study in Duhok Province. *Journals of University of Babylon*. Vol.27, No.2 (2019)
- Amending the efficiency of antimicrobials against multi-resistant *Pseudomonas aeruginosa* using low-frequency magnetic fields. *Bulletin of Experimental Biology and Medicine*. Vl.170, No.7 (2020) pp.45-49.
- Phenotypic and molecular detection of Extended Spectrum Beta-Lactamases producing-bacteria isolated from pregnant women with genital tract infection in Duhok governorate. *Science Journal of University of Zakho*. Vol.9, No.2 (2021), pp.80-88.
- Prevalence of common bacterial etiology and antimicrobial susceptibility pattern in patients with otitis media in Duhok province – Iraq. *Zanco Journal of Pure and Applied Sciences*. Vol.33, No.4 (2021) pp. 11-25.

6

Research Interests (in English)

Medical Microbiology, Pathology, Electron microscopy, Tissue culture,

Histochemistry, Immunology, Histopathological techniques, Diagnostic

Microbiology

7

Teaching Experience (in English)

1-Teaching undergraduate courses in: Pathology, Clinical pathology, Virology, Immunology, Medical Microbiology, Food Microbiology & Industrial Microbiology.

2-Teaching postgraduate courses in: Immunology, molecular pathology, Histopathological techniques, Medical Microbiology, Diagnostic Microbiology, and Medical Bacteriology

8

Supervision (in English)

- MSc student (2018): Early onset neonatal sepsis: clinical and bacteriological study in Duhok City
- MSc student (2021): Phenotypic and molecular detection of Extended Spectrum Beta-Lactamases producing bacteria isolated from women with genital tract infections in Duhok governorate
- MSc student (2021): Prevalence of common bacterial etiology of ear infections in Duhok province

9

Activities (in English)

- Scientific Research Committee/ College of Science\ No. 120\ 13-1-2021
- Educational Supervisory Committee \ College of Science \ No.125\13-1-2021
- Examination committee/ College of Science \ No.59\ 7-1-2021
- Scientific Aptitude Test Committee \ College of Science \ No.419\ 26-2-2020
- Undergraduate projects examination committee\19-6-2019
- Scientific Committee/ College of Science \ No. 378 \ 24-3-2019
- Educational Supervisory Committee \ College of Science \ No.13 \ 4-3-2019
- Supervising graduate Students\ College of Science \ No.1482 \ 29-10-2018
- Educational Supervisory Committee\ College of Science \No.684\ 21-5- 2018
- Quotation committee \ College of Science \ No.727\ 29-5-2018
- Graduate Studies Committee\ College of Science \ No.690\ 21-5-2018

College of Science, Academic Staff Form | 2021

- Defending session of postgraduate student \ College of Science \ No.492\ 4-4-2018
- Quotation committee \ College of Science \ No.1864\ 18-9-2017
- Quotation committee \ College of Science \ No.88\13-6-2017
- Quotation committee \ College of Science \ No.29\ 2-4-2017
- Quotation committee \ College of Science \ No.439\ 28-3-2016
- Quotation committee \ Faculty of Science \ No.138\ 20-5-2013.
- Quotation committee \ Faculty of Science \ No.137\ 15-5-2013
- Continues education committee\ Faculty of Medical Sciences\ No.350\ 25-2-2012.
- Curriculum development committee \ Faculty of Medical Sciences\ No.350\ 25-2-2012.
- Examination committee \ Faculty of Medical Sciences\ No.1819\ 21-12-2011.
- Quality assurance committee \ Faculty of Medical Sciences\ No.384\ 25-5-2011.
