**PERSONAL SKILLS**

Mother tongue(s) Arabic

Other language(s)	UNDERSTANDING		SPEAKING		WRITING
	Listening	Reading	Spoken interaction	Spoken production	
English	C1	C1	C1	C1	C1

**Communication skills**

- Good relational connections increased by experiencing working environments with diverse and multidisciplinary groups of professionals.
- Competent at strengthening ideas in a positive way.
- Highly social and accommodating nature.
- Ability for working under pressure.
- High activity.

**Organisational / managerial skills**

- Enthusiastic team player.
- Good time management.
- Active listening skills targeted at handling problems and taking advice for improvement; ability to learn from constructive criticism.

**Job-related skills**

▪ **Fundamental Clinical Biochemistry research skills:**

Clinical Biochemists play key roles in service development by applying their scientific knowledge, skills and expertise, which have seen services implemented locally and nationally, Concepts and techniques of basic clinical chemistry laboratory testing of serum, plasma and other body fluids. Discusses the characteristics of laboratory reagents, supplies and methods used for the analysis of carbohydrates, proteins, electrolytes and other analyses that help to assess carbohydrate disorders, function, liver function, cardiovascular function, acid base balance and protein related disorders. It also includes advanced instrumentation principles and techniques, acid-base balance, advanced enzymology, endocrinology and toxicology. Also it studies the application of the theory of the procedures and techniques used for colorimetric, spectrophotometric and ultraviolet analysis of serum plasma and other body fluids for clinically significant substances. It also explores the principles of technique appropriate to the evaluation of methodology, acid-base balance, advanced enzyme quantification, endocrinology and toxicology.

## Digital Competence

## SELF-ASSESSMENT

Information processing	Communication	Content creation	Safety	Problem solving
Proficient user	Proficient user	Independent user	Proficient user	Independent user

Levels: Basic user - Independent user - Proficient user  
[Digital competences - Self-assessment grid](#)

Other computer skills:

- good command of Microsoft Office Suite (Word, PowerPoint, Excel, Outlook)
- good command of image processing software (ImageJ, Adobe Photoshop)
- good command of data processing software (Graph Pad Prism, FlowJo)
- good command of reference managing software (Mendeley)
