

CV

Name: Hanan Mohamed Ahmed Konper

Faculty: Science

Date of birth: 26/2/1983

Nationality: Egyptian

Marital Status: Married

Email: drhananm29@yahoo.com

Phone of work: 0473256149

Mobile: 01069842858

Current work: Assistant researcher-Department of Apiculture -
Plant Protection Research Institute - Sakha-Kafr El Sheikh.

Languages

1 - Writing and speaking both languages Arabic and English very well.

Academic qualification:

1- Degree awarded: B.Sc.

Departement: Entomology.

Overall rating: excellence with honors

Faculty: Science.

University: El Azhar University

Date of Graduation: June, 2005.

2 - Degree awarded: Master

Date of registration the M. Sc. Degree: 2008

Area of specialization: Molecular Biology

Title of Thesis:

Comparative analysis of venom component from Carniolan and Italian honeybees (*Apis mellifera*) and studying their effect on mice cancer cells.

Date of completion : 2010

Faculty: Science.

University: Ain Shams University

Employment History:

1 - Agricultural engineer - Plant Protection Research Institute- Kafr El-Sheikh.

From 10/12/2006 until 24/9/2008.

2 - Research Assistant- Plant Protection Research Institute- Kafr El-Sheikh.

In the period from 25/9/2008 and even 26/2/2011

3 - Assistant Researcher- Plant Protection Research Institute - Kafr El-Sheikh

From 27/2/2011 and even Far.

Courses:

1 - Learn English speaking, reading and writing.

Site: Center for Research and Training - Faculty of Arts - Ain Shams University

Date: 2009

2- Computer in the following levels:

a- Concepts of information technology

b- Word processing

c- Using the computer and managing files

d- Spread sheets

e- Database f- Presentation

g- Information and communication

Site: Center for Agricultural Research

Date: 2010

3- Integrated Control of Insect Pests of Economic Crops.

Site: Plant Protection Research Institute.

Date: from 28/11/2010 until 13/12/2010

4- Integrated Control of Insect Pests of Economic Crops.

Site: Plant Protection Research Institute.

Date: from 25/11/2012 until 6/12/2012

5-Internet research skills for scientific references.

Site: Faculty of science-El Mansoura University

Date: 14/1 /2015

Conferences and workshops:

1-7th International Conference of Arab Beekeeping Organization

Site:Tanta-Egypt

Date:15-18 December 2014

1- Workshop of nutritional and therapeutic uses of honeybee products.

Site: City of Scientific Research and Technological Applications-Arid Lands Research Institute (ALCRI)

Date: 24th may 2016

2- Workshop of The Modern Knowledge Cycle

Site: Kafr El Sheikh

Date: 5th march 2017

3-1st Castle Conference of Advanced Science

Site: Kafr El Sheikh

Date: 5th march 2017

2-The Second scientific Forum of Bioinformatics and Research Development

Site: Faculty of science-El Mansoura University

Date: 11th march 2017

Experiences:

1- The supervision on the apiary of Agricultural Research Station- Bee Research Department-sakha-Kafr El Sheikh from 2006 until now.

2- Working in the program of estimation the incidence of bollworms in Kafr El-Sheikh in 2009-2010-2011.

Research published

Title:

Protein analysis of venom from Carniolan, Italian and hybrid honeybees (*Apis mellifera*: Hymenoptera) by electrophoresis.

African Journal Of Biological Science, volume (6), issue(1).
