Anis Hamouda | ELECTRICAL SUPERVISOR

SUMMARY

-13 years of experience in sites O&G, PG and Mine in Tunisia, Saudi-Arabia Oman, Libya and Mali.

FIELD

-Facility Management, Electricity & Instrumentation, Oil & Gas, Mine and Water.
-Production, Transmission and Distribution of Electricity.

WILLING TO WORK

-International, Office, Power Plant, Offshore, Onshore, LNG, FPSO.

PERSONAL SKILLS

-AutoCAD, Microsoft Office, POWER POINT, Excel. - Supervision and Team management (from 20 to 40 people).
-Organization work and Planning Team and Monitoring Site.
-Diesel Generators Semi-fast : MaK CM12 MOD-12CM32SN-34362, CM13 MOD-12CM32 SN-34382, Alternateur synchrone : Type-LSA58 85 SN-607062.
-Electrical Equipment /MV, LV, Switchgear, Control room, RMU, Instrumentation, PLC, Networks, HVAC and Commissioning.
-VFD / Earthing Monitoring System.

EDUCATION

-01-02-2006 => 30-01-2009 - Higher Technician Diploma.
-05-09-2001 => 25-07-2003 - Professional Technician Diploma.
Automation and Industrial Computing Department.
At The Electronics Sectoral for Training Center CSFE of Sousse, Tunisia.

TRAINING

-20-05-2009 => 30-06-2009 - Graduation Project Subject : Automation of Nickel and Chrome Plating machine.
At Workshop Mechanism in the Sahel Company, Sousse Tunisia.
-Electrical Certification.

LANGUAGE

-Arabic : Mother language.
-French : Native.
-English: Fluent.

EXPERIENCES

03-2020 -> 03-2021 -PG LOILO Gold Mine - Sitakili, Mali.

Electrical and Instrument Supervisor - JA Delmas Caterpillar Company.

RESPONSABILITY

- Recovery Diesel Generators Semi-fast MaK.
- Troubleshooting of Caterpillar 3512, 3516 and other generators, atlas copco compressors, separators alfa Laval.
- Troubleshooting MaK generator sets: 8CM32, 12CM32, 16CM32.

JOB DUTIES

- Deliver daily reports..
 - Installing electrical conduit and wiring into Generator enclosures while maintaining a consistent appearance between units and teams.
 - Land and terminate wiring into electrical panels following wiring schematics and blue prints for instructions.
 - Work in teams to support the required build schedule and testing of the units when finished.
- Design delivery to support construction activities.
- Tailor construction and execution approaches considering the local contracting market and capabilities.

06-2018 -> 01-2020 -Offshore Sabrata, Tripoli, Libya.

Electrical and Instrument Supervisor - ETM industrilean GmbH Company.

RESPONSIBILITY

- Ensure that work is completed within time and on budget, without incurring additional costs.
- Ensure that works is carried out in a safe manner.
- Prepare daily progress report.
- Coaching Electricians Teams.

JOB DUTIES

- Deliver daily reports.
- Electrical inspections related to installation, testing, and commissioning.
- Responsible for preparing QMS documents.
- Conducting the inspection of all ongoing activates for electrical installation.
- Preparation of the method of statement and ITP's for all electrical activates.
- Responsible for conducting the inspection of all electrical material before storage, installation and after installation.
