

# CURRICULUM VITAE

Abdurabbah S. Saleh

## **Personal data:**

- Date of birth: 1968
- Place of birth: Sultan.
- Nationality: Libyan
- Marital status: Married.
- Number of children: 5

## **Current work:**

General Manager of the Libyan Center for Urban Planning

## **Contact information:**

Mobile: (218) 925117632 - 0915117632

E-mail: [abdurabbah\\_s@academy.edu.ly](mailto:abdurabbah_s@academy.edu.ly)

E-mail: [abd\\_benghazi@yahoo.com](mailto:abd_benghazi@yahoo.com)

## **Personal qualities:**

- Commitment to quality education.
- Very organized and dedicated at work.
- Flexible and easy to approach working hours.
- Good time management.
- Ability to solve problems.
- Ability to work harmoniously in a multicultural environment.

## **Academic qualifications:**

- Master's degree 2018

(Diplomatic Studies, Institute of Diplomatic Studies, British Libyan University, Benghazi, Libya).

- Master's degree 2012

(Urban and Regional Planning, Libyan Academy, Benghazi, Libya).

Thesis title (Towards creating a sustainable residential environment, a case study of new housing projects in Benghazi)

- Bachelor's degree 1990

(Architecture and Urban Planning, Faculty of Engineering, University of Garyounis, Benghazi, Libya)

Graduation project title (Study of the housing problem in the city of Al-Abyar within the framework of the master plan).

## **Professional experience:**

- Reviewer at the American publishing house (Science Publishing Group) in New York City.
- Expert in architecture and urban design.
- Expert in urban and regional planning.
- Expert in sustainable urban development strategies.

# **CURRICULUM VITAE**

**Abdurabbah S. Saleh**

## **Memberships:**

- American (Science Publishing Group) in New York City, 2024.
- Engineers Syndicate, Benghazi, 1991 to date.
- Libyan Society for Urban Planning, Libya, 2011 to date.
- LIPO International Organization for Heritage Preservation, Benghazi, 2011 to date.
- Member of the Global Network of Sustainability Ambassadors 2022
- Arab Experts (Arab Planning Institute)

## **Technical and Professional Courses:**

- Engineers Preparation Course, Arab Contractors Institute, Cairo, Egypt, 1991
- Administrative Mechanization Course, Shuaa Al-Qabas Institute, Benghazi, Libya, 2003.
- Digital Diplomacy Course, Institute of Diplomatic Studies, British Libyan University, Benghazi, Libya (9-13/04/2019). Accreditation of Yorkshire Training Center, United Kingdom.
- Course in the Fundamentals of Etiquette and Protocol, Institute of Diplomatic Studies, British Libyan University, Benghazi, Libya (14-18/04/2019). Accreditation of Yorkshire Training Center, United Kingdom.
- Course in Preparing Correspondence and Writing Diplomatic Reports, Institute of Diplomatic Studies, British Libyan University, Benghazi, Libya (19-22/08/2019). Accreditation of Yorkshire Training Center, United Kingdom.
- Arabic calligraphy course, (Ruq'ah), Arabic and English Calligraphy Teaching Center, British Libyan University, (23/2-14/3/2019), Yorkshire Training Center accreditation, United Kingdom.

## **Conferences and scientific seminars:**

- The Second National Conference for Engineers (Infrastructure in the Libyan Reality and the Goal), Benghazi (23-25/9/2003).
- A seminar on the preservation of ancient cities, Benghazi, (8-9/12/2004).
- A seminar on the third generation and the future of cities in Libya, Benghazi, (8-9/3/2006).
- A seminar on Libya "Sustainable Urbanization" - (30-6/1-7) 2007, Tripoli, Libya.
- The International Conference (Urban Development in Libya) 2007, Tripoli, Libya.
- The Conference on Sustainable Development in Libya (Yes if Development is Sustainable) - University of Garyounis, Benghazi, (28-29/6/2008).
- A seminar on the third generation and the future of cities in Libya, Benghazi, (2-3/6/2010).
- Fourth Conference of the Association of Experts (Reality and Future of Human Resources Development in Libya) - (2-3/11/2010).
- National Conference on the Right of Access for Persons with Disabilities in the Urban Environment and Transportation (Design for All and by All), Libya, Benghazi, (13-14/12/2010).
- International Arab Conference on Information Technology, University of Garyounis, Benghazi, Libya, (14-16/12/2010)
- Libya Reconstruction and Challenges Conference - Islamic Call Building, Benghazi, Libya, (12-14 March/2012).

# **CURRICULUM VITAE**

## **Abdurabbah S. Saleh**

- Sustainable Planning Symposium for Libya Reconstruction - Islamic Call Building, Benghazi, Libya, (18-19/4/2012). Participation with a peer-reviewed scientific paper entitled "Mechanisms for Enabling Community Participation in Sustainable Urban Planning."
- Workshop "The effects of the February 17 Revolution on construction contracts and engineering consulting (problems and solutions)" - Tibesti Hotel, Benghazi, (04/22/2012). • Workshop entitled "Towards a Local Strategy to Address the Phenomenon of Slums" Children's Theater - Benghazi, Libya (2012/05/26)
- Workshop entitled "Italian Architecture in Cyrenaica and Tripolitania," Faculty of Engineering - University of Benghazi, Libya (2012/06/20)
- Workshop entitled "Deterioration of Urban Spaces and Wetlands," Libyan International University for Medical Sciences, Benghazi, Libya (25/06/2012)
- Workshop entitled "Transportation Crisis and Public Transport in Benghazi," Libyan International University for Medical Sciences, Benghazi, Libya (28/06/2012)
- First Symposium on "Review and Evaluation of the Comprehensive Plan of the University of Benghazi," Faculty of Engineering, University of Benghazi, Libya (21-22/11/2012)
- Workshop entitled "Growth and Tourism Investment in Urban Areas in Sabratha and Surrounding Rural Areas," Sabratha, (5-6/01/2013) Participation with a paper entitled "Considerations for Settlement New Housing Projects in Sabratha City from a Sustainability Perspective
- Workshop on Sustainable Urban Development in the "Concept of Sustainable City" Libya (Tripoli-Sabratha-Yefren), (19-20 June 2013).
- Libyan Architectural Day "Architecture... Communication... A Better Future..." Islamic Call Building, Benghazi, Libya (1-2/4/2014).
- Benghazi University Reconstruction Workshop, Participation with a peer-reviewed scientific paper entitled "Towards an Effective Strategy for the Successful Reconstruction of Benghazi University", Medical Colleges Complex, Benghazi, Libya (30-31/7/2016).
- Workshop "Addressing Housing Needs in Libya Using Prefabricated Buildings", Arabian Gulf, Benghazi, Libya (03/08/2016).
- Scientific Conference on the Environment "Environmental Problems and Investment Opportunities" Sanaa Amhaidli Complex, University of Benghazi, Libya (17-19/10/2017), participation with a peer-reviewed scientific paper entitled "Assessing the Environmental Impact of New Housing Projects in the City of Benghazi in Light of Sustainability.

# CURRICULUM VITAE

## Abdurabbah S. Saleh

- The First Technical Conference on Architectural and Civil Engineering Participation with a peer-reviewed scientific paper entitled "Technology and the Future of the Urban City" Higher Institute of Comprehensive Professions, Qminis, Libya (23-24/02/2019).
- The First Technical Conference on Architectural and Civil Engineering Participation with a peer-reviewed scientific paper entitled "Sustainability in Localizing Housing Projects A Case Study of New Housing Projects in the City of Benghazi" Higher Institute of Comprehensive Professions, Qminis, Libya, (23-24/02/2019).
- Renewable and Sustainable Energy Conference, Bright Star University, Brega, Libya (2-3/10/2019).
- The First Scientific Conference of the College of Oil and Gas Engineering, University of Zawiya, "The Role of Earth and Environmental Sciences in Economic Development Libyan) Participation with a peer-reviewed scientific paper entitled:  
  
"Use of the Benghazi Formation in Aggregate Industry: A Case Study of Two Quarries in Northeastern Libya", (15/3/2021)
- International Conference of the International Association of Universities "Economies of the African Continent between Crisis and Solutions" Participation with a peer-reviewed scientific paper entitled "The Reality of Sustainable Development in Libya", Benghazi, Libya, 2023
- The First Geographical Conference on the Investment of Geographical Environmental Resources at the Faculty of Education, Yafra, Participation with a research paper entitled:  
  
"Understanding particulate matter concentration (10 PM -2.5 PM), and meteorological parameters during the summer season for two urban cities (Benghazi and Al Bayadh), NE Libya", 2023
- The Fifth Arab Ministerial Forum for Housing and Urban Development, Tripoli, Libya (19-21 December 2023)

## **Abdurabbah S. Saleh**

1. Abdurabbah .S. Saleh, An article "calling for the establishment of the National Urban Observatory".  
The Scientific Journal of the Libyan Society for Urban Planning. Volume 1, First Issue (2011).

### **Shields and Medals:**

- Shield of Loyalty from Wadi Al-Elm Higher Education Company, 2022
- Shield of Garyounis University (Copper) 1991
- Shield of Engineers for Libya 2014
- Shield of Excellence (British Libyan University 2016)
- Shield of Giving, British Libyan University 2017
- Shield of Excellence (Institute of Diplomatic Studies, British Libyan University 2018)
- Shield of Giving (British Libyan University 2018)
- Shield of Loyalty (Building Technology Department graduates for the year 2019)
- Shield of Garyounis University 1991
- Medal of the British Libyan University 2015
- Medal of the Institute of Diplomatic Studies, British Libyan University 2018
- Medal of the Benghazi National University 2019
- Medal of the Libyan University of Modern Sciences and Technology 2020
- Medal of the National Authority for Scientific Research, 2013

### **Certificates Appreciation:**

- From the Global Network of Sustainability Ambassadors (Sustainability Ambassador for one year "22\5\2023-22\5\2024")
- From the Fifth Arab Ministerial Forum for Housing and Urban Development, 2023
- From the Higher Institute for Comprehensive Professions, Qemnes, 2019
- From the Institute of Al-Bina for Higher and Intermediate Education 2021
- From the Libyan University for Modern Sciences and Technology 2020
- From the Benghazi National University 2019
- From the Institute of Diplomatic Studies (Diplomatic Personality) 2019
- From the British Libyan University (First Scientific Conference for University Students) 2018
- From the British Libyan University (Faculty of Engineering - Department of Construction Technology Graduates 2018)
- From the University of the Mediterranean 2017
- From the British Libyan University 2017
- From the University of Benghazi (Faculty of Engineering - Department of Architecture and Urban Planning Graduates 2016)
- From the activities of the Second Libyan Architectural Day 2014
- From the Local Council of Sabratha City 2013
- From the Sustainable Planning Symposium for the Reconstruction of Libya 2012
- From the Libyan Society for Urban Planning 2011
- From the Syndicate of Engineering Professions Benghazi 2003

# CURRICULUM VITAE

Abdurabbah S. Saleh

## Academic Experience:

- Associate Faculty Member: (at the Libyan University of Modern Sciences and Technology in Benghazi 2020-2021), Vice-Rector for Scientific Affairs and Founder and Dean of the College of Engineering at the University, in addition to teaching some scientific courses to undergraduate students in the departments of Urban Design Engineering, Interior Design Engineering and Building Technology Engineering in the field of Architecture and Urban Planning and Head of the Graduation Projects Committee at the College of Engineering.
- Associate Faculty Member: (at the British Libyan University in Benghazi 2015-2020), Founder and Dean of the College of Engineering at the British Libyan University, in addition to teaching some scientific courses to undergraduate students in the departments of Interior Design Engineering and Building Technology in the field of Architecture and Urban Planning and Head of the Graduation Projects Committee at the College of Engineering.
- Collaborating faculty member: (At Benghazi National University 2016-2021), teaching some scientific courses for undergraduate students in the field of architecture and urban planning (architectural design - urban planning - regional planning - housing - transportation - sustainable development) and supervising undergraduate students for graduation projects for the bachelor's stage.
- Collaborating faculty member: (At the Higher Institute of Comprehensive Professions for Girls, Benghazi 2015-2023), teaching some scientific courses for undergraduate students in the departments of interior design engineering and architecture and supervising graduation projects for the bachelor's stage.
- Collaborating faculty member: (Africa National University, Benghazi 2015-2016), teaching some scientific courses for undergraduate students in the field of architecture and urban planning (architectural design - urban planning - regional planning - housing - transportation - sustainable development) and supervising undergraduate students for graduation projects for the bachelor's stage.
- Collaborating faculty member: (University of Benghazi 2013-2020), teaching some scientific courses for undergraduate students in the field of architecture and urban planning (architectural design - urban planning - regional planning - housing - transportation - sustainable development) and supervising undergraduate students for graduation projects for the bachelor's stage.
- Collaborating faculty member: (Higher Institute of Engineering Professions Benghazi 2014-2013), teaching (Fundamentals of architectural design - urban planning) for undergraduate students in the field of architecture and urban planning.
- Collaborating faculty member: (Omar Al-Mukhtar University 2012-2013), teaching some scientific courses for undergraduate students in the field of architecture and urban planning (architectural design - architectural visualization).

# **CURRICULUM VITAE**

## **Abdurabbah S. Saleh**

- Consultant: (Urban Planning Authority Benghazi 2002-2013), conducting studies in urban design and urban planning through my work in the branches affiliated to the Authority and a member of the first receiving committee for third generation plans in the Benghazi Planning Region. Carrying out several tasks that included conducting studies, analyses and writing reports through the technical committees specialized in the Authority and developing visions and solutions for many technical problems facing the implementation of the work of organizing and implementing plans for the second generation phase of implementation plans during my work period in the Authority.
- Consultant: (in the consulting office of the consultant / Abdurabbah .S. Saleh 2002-2021) and licensed by the General Syndicate of Engineering Professions to practice engineering consulting activities in the field of architecture and city planning.
- Cooperating Consultant: (in the Oya Office for Engineering Works 2011-2021) and licensed by the General Syndicate of Engineering Professions to practice engineering consulting activities in the field of architecture and city planning.
- Researcher: (in the Libyan Authority for Scientific Research 2013-present).
- Founding Member: (of the Libyan Scientific Society for Urban Planning 2011) concerned with scientific activity in the field of urban planning in all its aspects and levels and issues and policies of spatial development in Libya.
- Founding Member: (Libyan Center for Urban Planning 2014) Specialized in the field of urban and regional planning, environmental issues and sustainable development in Libya.
- Founding Member: (Faculty of Engineering with all its scientific departments, British Libyan University 2015)
- Founding Member: (Center for Security and Strategic Studies, British Libyan University 2019) Specialized in the field of security issues and strategic planning for national security policies in Libya.
- Founding Member: (Academy of Science and Technology, British Libyan University 2019) Specialized in the field of higher education for various applied and human sciences.
- Founding Member: (Modern American University 2019) Specialized in the field of higher education for various applied and human sciences.

### **Technical software:**

- Engineering drawing Auto CAD
- City CAD
- Revit Architect
- Sketch up
- Job analysis program Depth map
- New Ajax analysis program
- P Con.Planner program
- Adobe Illustrator(AI)
- Adobe Photoshop C52
- Statistics program Spss
- Lumion pro 10
- Word, Power Point, Excel, Publisher.

# **CURRICULUM VITAE**

Abdurabbah S. Saleh

## **Other skills:**

- Crisis Management.
- Negotiation art.
- Communication Skills.
- Writing Academic reports.
- Preparing scientific conferences.
- Free Hand Drawing.
- Diplomatic dealings
- Etiquette and protocol

## **Languages:**

- Arabic (Mother tongue)
- English (Good)
