EDUCATION

B.Sc. (1998-2002) from University of Kufa (Iraq) / collage of engineering / Civil engineering department.

M.Sc. (2014-2016) from National Aviation University (Kiev) / airports institute / Industrial and civil engineering / structure

WORK EXPERIENCE

1. Head of Engineering Unit (2008-2012) University of al-qadisiyah / collage of science.
2. Head of the Engineering Projects Follow-up Division (2012-2013) at al-qadisiyah University.
3. Faculty member (2016-now) at the University of al-qadisiyah / collage of Engineering

PUBLISHING PAPERS

1. The Production of the Sustainable Concrete by using Different Types of Plastic Waste
<http://medwelljournals.com/abstract/?doi=jeasci.2019.5557.5560>
2. Reduce Structural Cracks in the Reinforced Concrete Beams using Steel Mesh.
<http://medwelljournals.com/abstract/?doi=jeasci.2019.5413.5417>
3. Optimization of water-cement ratio in concrete contains recycled polypropylene (PP) plastic waste.
<http://pen.ius.edu.ba/index.php/pen/article/view/834>
4. Disadvantage of Empirical Method for Blast Load Calculation.
